Re: FAU Track and Field
Project # BT-622
Track Completion

Dear Mr. Arcella:

As a follow up to your request, I would like to take this opportunity to commend CSR Heavy Construction, Inc. for doing an outstanding job at the FAU Track and Field Project. CSR Heavy Construction, Inc. performed above standard on every level of this Project. In addition, I wanted to thank you for your own personal involvement through out the Project, to ensure that the stringent quality control requirements were maintained.

While your scope of Work on this Project was quite demanding, CSR Heavy Construction, Inc. completed each phase on time and within budget. When issues were raised during the course of construction, CSR Heavy Construction, Inc, acted promptly to ensure that every requirement was met. This attention to detail was evident from the initial Site Clearing to the Asphalt Surfacing of the Track and the installation of the Athletic Equipment.

Once again I appreciate the effort CSR Heavy Construction, Inc. has made on this Project and look forward to working with your company on future endeavors.

Sincerely,
JAMES A. CUMMINGS, INC.

James Conroy
Project Manager
